Total:

Thank you for your order. By clicking "I Agree" below, you, on behalf of yourself and your office, hereby represent and warrant that the order for compounded testosterone (including testosterone with anastrozole) or estradiol pellets placed by you or your office was made because you have a clinical need for those compounded pellets, which need includes, without limitation, one or more of the following:

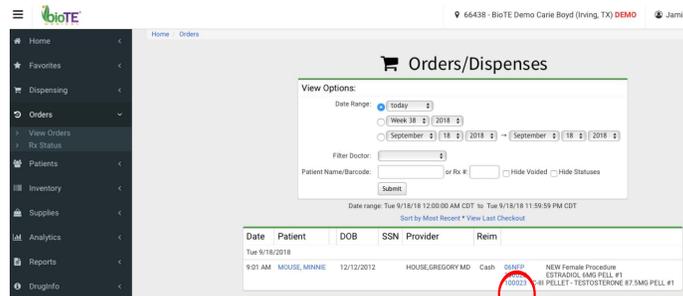

- you have determined that certain of your patients require a per pellet testosterone dosage that is different from the 75mg offered by the commercially available pellet; and/or
- you have determined that it is necessary to dose certain of your patients with more testosterone per procedure than the 750mg permitted by the commercially available pellet; and/or
- estradiol pellets are not commercially available and you have determined that certain of your patients require treatment involving estradiol pellets; and/or
- testosterone with anastrozole pellets are not commercially available and you have determined that certain of your patients require treatment involving testosterone with anastrozole pellets.

## How to Void an Order

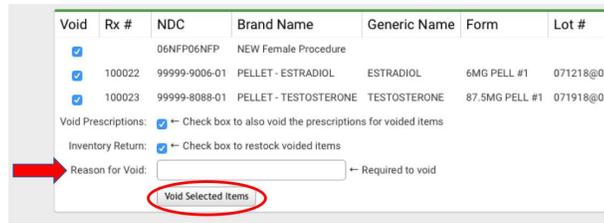

1. Go to Orders, View Orders
2. Select date range needed to find order that needs to be voided.
3. Click on any of the blue numbers to the left of pellet strength.

4. Click Void Order/Items

5. Fill in Reason for Void & Click Void Selected Items.
6. All numbers will now have lines through them, to show item has been voided.

## Expired, Dropped & Damaged Pellets

*\*After you send your pellets back to pharmacy you will follow the below steps.*

1. Go to Inventory > Medications. Click EDIT next to correct lot #.
2. Change the Bulk Quantity
  - a. Expired pellets change to "0."
  - b. Damaged/Dropped- Change to quantity on hand now. If you have 5 and one is dropped. Put 4 in Bulk Quantity.
3. Click Reason for Change drop down option. Choose the correct reason.
4. Click Submit.

Bulk Quantity: 11 Total quantity of PELL

Reason for change:

Lot #: 337239 Exp Date: 1/27/2022

Barcode: 337239|021821|012722

# BioTRACKer Quick Start Guide

## How to Track a Pellet Order

When you see *black telephones* in your inventory your order is being processed with the pharmacy. Once you see *black shipping trucks* that means your order has shipped and you can track your order by doing the following steps:

1. Go to Inventory > Medications
2. Click "Add Shipment"
3. Click the blue FedEx link to track your order.

## How to Locate Patient ID

Every patient is assigned a Patient ID number. This patient ID will be used to identify each patient in Biote Method (this number will show up on your invoice).

1. Go to Patients > View Patients
2. Type in the patients last name or D.O.B
3. Click on the name in blue when it appears.
4. Listed just below the name you will see an ID number.

## Recommended Reports for Managing Inventory

### Reports > Instant

**Items Dispensed** - can show you the total number of procedures performed within a date range. It's great for comparing your Method cart each reporting period.

**Inventory Counts**- shows each inventory count submitted at your clinic.

**Dispense Log**- select date range and check-mark next to Show Lot/Exp date. This will show each patient and the lot # assigned to those patients.

**Med Shipments Added**- list of all shipments added to your inventory.

**Inventory Adjustments**- list of all adjustments made in your inventory. Can show if you removed expired, damaged, or dropped pellets.
